

Remote Controlled Aircraft Permit Application Packet

The use of remote controlled aircraft is regulated within State Parks by WAC 352-32-130 (5) which allows for the flying of remote controlled aircraft with written permission of the Director, or designee. Remote controlled aircraft, also known as unmanned aircraft systems (UAS), may be permitted on a single occurrence or limited duration bases with written permission from the Director, or designee. The request may be for recreational or commercial purposes and permittees are required to comply with all State and Federal rules and regulations. Persons desiring to utilize a remote controlled aircraft in commercial or educational filming/still photography must obtain a commercial filming/still photography permit in addition to the Remote Control Aircraft permit.

Examples

- Educational
- Hobby/Recreation
- Personal Photography
- Geotechnical Evaluation
- Aerial Survey
- Aerial Inspections

Regulations

The current WAC 352-32-130 (5), which allows for the flying of remote controlled aircraft with written permission of the Director, or designee, reads as:

“Remote controlled aircraft may be flown in any state park area pursuant to written permission from the director or designee. In granting such permission, the director or designee may specify time, geographic, and elevation restrictions, and any other restrictions necessary to protect the public, park visitors or staff, or park resources. While operating a remote controlled aircraft pursuant to written permission under this subsection, the operator shall be in possession of a copy of the written permission and shall produce it upon request by parks staff. Permission granted by the director or designee to fly a remote controlled aircraft is subject to rescission as necessary to protect the public, park visitors or staff, or park resources.”

WAC 352-32-130’s permit requirements applies in instances where an individual pilots a remote control aircraft from within State Parks’ property (i.e., the pilot, him- or herself is on State Parks Property) or where a remote control aircraft takes off or lands on State Parks property.

The use of remote controlled aircraft is also regulated by the Federal Government. The two most relevant rules are Title 14 of the Code of Federal Regulation (14 CFR) Part 107 and Public Law 112-95, Section 336 *Special Rules for Model Aircraft*.

FAA Requirements

FAA Requirements	Fly for Fun	Fly for Work
Pilot Requirements	No pilot requirements	Must have Remote Pilot Airman Certificate Must be 16 years old Must pass TSA vetting
Aircraft Requirements	Must be registered if over 0.55 lbs.	Must be less than 55 lbs. Must be registered if over 0.55 lbs. (online) Must undergo pre-flight check to ensure UAS is in condition for safe operation
Location Requirements	5 miles from airports without prior notification to airport and air traffic control	Class G airspace*
Operating Rules	Must ALWAYS yield right of way to manned aircraft Must keep the aircraft in sight (visual line-of-sight) UAS must be under 55 lbs. Must follow community-based safety guidelines	Must keep the aircraft in sight (visual line-of-sight)* Must fly under 400 feet* Must fly during the day* Must fly at or below 100 mph* Must yield right of way to manned aircraft* Must NOT fly over people* Must NOT fly from a moving vehicle*
Example Applications	Educational or recreational flying only	Flying for commercial use (e.g. providing aerial surveying or photography services)

		Flying incidental to a business (e.g. doing roof inspections or real estate photography)
Legal or Regulatory Basis	Public Law 112-95, Section 336 – Special Rule for Model Aircraft FAA Interpretation of the Special Rule for Model Aircraft	Title 14 of the Code of Federal Regulation (14 CFR) Part 107

You can learn more by visiting the FAA website - https://www.faa.gov/uas/getting_started/

Definitions

- Applicant – An individual or organization who desires to fly a remote controlled aircraft within State Parks for purposes other than commercial or educational filming/still photography.
- Remote Controlled Aircraft – Unmanned aircraft systems (UAS), including those commonly known as “drones” that fly by using internal combustion, electric motors, elastic tubing, or gravity/wind for propulsion. The flight is controlled by a person on the ground using a hand held radio control transmitter.
- Hobby/Recreational Purpose – Hobby or recreational flying (i.e. flying for fun).
- Commercial Purpose – Flying for non-recreational purposes; as part of or related to commercial activities (i.e. flying for work/business).
- Film and filming – To capture a movie image magnetically or digitally.
- Still photography – To capture a single (non-movie) image with film, magnetic, or digital media to include portraits and scenic photography.
- Permittee – An individual or organization approved by Washington State Parks and Recreation Commission to fly a remote controlled aircraft within State Parks.

Applying for a Permit

Applications may be obtained on the State Park website or by contacting a park, Region office, or the Headquarters Info Center.

- Any State Park (see State Park Contact List)
- Region Offices:
Eastern Region – (509) 665-4319
Northwest Region – (360) 755-9231
Southwest Region – (360) 725-9770
- State Parks Headquarters Info Center – (360) 902-8500

Application Requirements

Applicants must provide the following information to ensure compliance with Federal regulations:

- Identify if request is for hobby/recreational or commercial purposes.
- Provide weight of aircraft.
- If request is for aircraft over 0.55 lbs. include proof of Federal Aviation Administration (FAA) registration.
- If request is for work/business include proof of remote pilot airman certification or certificate of waiver per 14 CFR part 107.
- Provide description of flight location and flight plan including, location of pilot, take off/landing location(s), elevation, time of day, and maximum speed. Providing a map that shows the flight plan is preferred.
- Acknowledge compliance with community-based safety guidelines for hobby/recreational use and FAA operation rules for commercial use.

Applicants must provide proof of insurance listing the Washington State Parks and Recreation Commission as “ADDITIONALLY INSURED” for a minimum of \$1,000,000 for the period of the requested activity:

Washington State Parks and Recreation Commission
P.O. Box 42650
Olympia, WA 98504-2650

The application is to be returned to the Area Manager for the park of interest along with the permit fee, see fee schedule below. Additional fees may be assessed based on additional impacts to the park, public, and environmental reviews based upon Area Manager’s review and consultation with the Region Manager. Additional fees will be assessed at the time of the approval and must be paid in full to the Area Manager before activity commences.

Application Fee	
Standard	\$25 (A permit fee is not required if the permit request is in addition to a commercial film/still photography permit for which all fees have been paid.)
Potential Additional Fees (Impact Fees)	
<p>Higher impact fees may be assessed depending on degree of disruption of normal park use and activities. Establishment of higher impact fees will be done in consultation with the Region Manager, Stewardship program, and/or Business Development program.</p> <p>Examples of conditions where additional fees may be accessed:</p> <ul style="list-style-type: none"> • Impact on park staff • Loss of revenue to park • Impact on park operating costs • Facility use charges • Potential damage to park resources (may require bond or damage deposit) • Archeological impacts • Possible impact review (see below) <p><i>The Discover Pass requirement and all other standard park fees apply.</i></p>	
SEPA Review	\$32.86 / hour (plus any impact fees as determined by review)
Archaeological Review	\$41.70 / hour (plus any impact fees as determined by review)
Natural Resources Review	\$43.79 / hour (plus any impact fees as determined by review)
Historic Preservation Review	\$48.33 / hour (plus any impact fees as determined by review)

Application Review & Approval

All applications require agency staff review and approval by the Operations Manager, Director’s designee.

- Area Manager will review the application within 10 days. For exceptional circumstances, the timeframe may be extended for environmental. Applicant will be notified of any review that extends the process beyond 10 days.
- Region Manager will review the application within 5 days. For exceptional circumstances, the timeframe may be extended for environmental. Applicant will be notified of any review that extends the process beyond 5 days.
- Operations Manager will review and approval are required for all permit applications. They will review the application and approve/deny within 5 days. Applicant will be notified of any review that extends the process beyond 5 days.

Frequently the time frame is too short to allow the application process to be completed by mail. Fifteen working days are preferred, if possible, but the use of scans (email), faxes, and express mail services is permitted in order to accommodate short turnaround times. To ensure a successful completion of the application, it is important for the applicant to stay in close telephone and/or e-mail contact with the Area Manager or designated staff.

The Area Manager will be responsible to provide the applicant with approved permit or notification of denial. The Area Manager is also responsible to monitor and ensure compliance with the terms, conditions, rules, and restrictions.

No flying of remote controlled aircraft may take place without written approval from the Operations Manager, Washington State Parks.

Applicants may be required to obtain additional permits depending on the location and activities. It is the permittees responsibility to be aware of what additional permits are required.

ACKNOWLEDGEMENT OF COMPLIANCE: <input type="checkbox"/> RECREATIONAL - (By checking the applicant acknowledges they will follow community-based safety guidelines for the operation of an unmanned aircraft system and Public Law 112-95, Section 336-Special Rules for Model Aircraft) <input type="checkbox"/> WORK/BUSINESS (By checking the applicant acknowledges they will comply with FAA operating rules and 14 CFR Part 107)			
GENERAL CONDITIONS			
<p>Washington Administrative Code 352-32-130 states in part that remote controlled aircraft may be flown in any state park area pursuant to attaining written permission from the Director or designee. All applicants shall agree to operate their remote controlled aircraft in a manner which:</p> <ol style="list-style-type: none"> 1) Is compatible with the activities of the public and park visitor 2) Will not interfere with park operations and staff 3) Will not damage or disturb facilities or the natural, cultural, or historic resources 4) Will conform to all of the applicable statutes, rules, policies, and procedures of the Commission, and the instructions of the Commission staff who supervise the recreational remote controlled aircraft activities. 			
ADDITIONAL PERMIT CONDITIONS			
PROHIBITED ACTIVITIES:			

FLIGHT DATE(s)	NAME OF STATE PARK(S) FLIGHT TO TAKE PLACE
<p>Activities having the potential to significantly impact, alter or damage park resources are prohibited. The following are also prohibited: (1) altering, damaging or removing vegetation, (2) loud noises (160 decibels or higher), between 10:00 p.m. and 6:30 a.m., and (3) harassment of wildlife.</p> <p>FEDERAL AVIATION ADMINISTRATION (FAA): The permittee agrees to comply with all rules and regulations as set forth by the FAA for the use and operation of unmanned aircraft systems to include, but not limited to, Public Law 112-95, Section 336 and 14 CFR Part 107.</p> <p>FEES: In addition to the application fee, designated site and other additional fees (copy attached) may be required and are due and payable to State Parks upon signature of this Permit.</p> <p>DISRUPTION OF VISITOR ACTIVITIES: Flying activities may not unduly conflict with visitor use or experience in the park. The public shall be informed, at the Permittee's expense, of any unusual or long-term closure or delay expected due to the flying activity. The Permittee should avoid the operation of remote controlled aircraft in high public use areas and on weekends and holidays. The Permittee understands that this Permit may be cancelled for those locations that are subject to intensive public use, or if the activity is scheduled during busy weekend and holiday dates.</p> <p>CLOSURES: The Permittee is not allowed to conduct activities or have access to areas not generally accessible to the general public, unless specific written approval is received from State Parks. No flying will be permitted during periods of extreme weather conditions, fire danger, or fire closure.</p> <p>ADDITIONAL PERMITTING: Permittee shall obtain and keep in force all additionally required permits, licenses, permissions, consents, and approval required by governmental agencies or third parties in connection with activities performed under this permit. Application for permits shall be at the sole risk, cost, and expense of the permittee. Permittee is solely responsible for determining what permits are required and obtaining required permits.</p> <p>NATURAL AND CULTURAL RESOURCES: Geological and archaeological resources must not be disturbed. No materials, adhesives, paints, etc. may be used on any of these park resources. No devices may be driven into the rocks, or cliff areas. Any damage to park resources may result in closing the area to future remote controlled aircraft use.</p> <p>MOTOR VEHICLES: The Permittee agrees to abide by all motor vehicle laws of the state of Washington. The Permittee shall describe any proposed activity that would result in the operation of a vehicle outside of the motor vehicle laws in the general description portion of this permit.</p> <p>BONDS AND DAMAGE DEPOSITS: State Parks may require the Permittee to post a bond or damage deposit payable to State Parks in an amount sufficient to cover any potential damages to park resources or facilities that may occur during the use of the remote controlled aircraft.</p> <p>INSURANCE: The Permittee agrees to provide a certificate of insurance in the amount of \$1,000,000 general liability and \$1,000,000 personal injury naming State Parks as an additional insured. The Permittee shall provide to State Parks a copy of the certificate of insurance evidencing such coverage prior to flying. Should claims arise which result in an award in excess of \$1,000,000, the Permittee shall be wholly responsible for the amount of the excess.</p> <p>PERMIT ASSIGNMENT: This Permit is non-transferable and non-assignable. Any attempt to transfer or assign an issued permit shall cause immediate cancellation of the Permit.</p> <p>WAIVER OF RIGHTS: State Parks' failure to insist upon the strict performance of any provision of this Permit or to exercise any right based upon breach thereof or the acceptance of any performance during such breach shall not constitute a waiver of any right under this Permit.</p> <p>HOLD HARMLESS: It is understood and agreed by State Parks and the Permittee that this Permit is solely for the benefit of the parties hereto and gives no right to any other party. No joint venture or partnership is formed as a result of this Permit. Permittee agrees to be responsible and assumes liability for its own wrongful or negligent acts or omissions, or those of its officers, agents, or employees to the fullest extent required by law, and agrees to save, indemnify, defend, or hold the State Parks harmless for any such liability.</p> <p>SUSPENSION OF REMOTE CONTROLLED AIRCRAFT AUTHORIZATION: State Parks reserves the right to suspend remote controlled aircraft authorization if, in the opinion of State Parks' representative, there appears to be abuse of or a likelihood of damage to any of the properties, road surfaces, or facilities of</p>	

FLIGHT DATE(s)	NAME OF STATE PARK(S) FLIGHT TO TAKE PLACE

State Parks.

CANCELLATION OF PERMIT:

The Permittee, by signature of this Permit, agrees that State Parks may cancel this Permit for any of the following reasons: (1) if there is clear danger to public health and safety; (2) if, in the opinion of State Parks' representative, the remote controlled aircraft activity requested represents an unreasonable threat to park resources, facilities, or wildlife; (3) if it is determined that supervisory requirements for the proposed activity will place unreasonable burdens on staff capacity, irrespective of the Permittee's willingness to pay supervisory costs; (4) if the proposed activity would unduly conflict with visitors' normal use of the park; (5) if the Permittee enters areas closed to the general visiting public, or allow activities not permitted to the average visitor except for cooperative activities as an agent of State Parks.

This Permit may also be cancelled by State Parks without notice if the terms of the Permit are violated. The deliberate making of false or misleading statements concerning intended actions in order to obtain a Permit are causes for immediate cancellation of the permit and cause for possible prosecution. The Permit may be cancelled by State Parks if the location is changed and/or expanded without the written permission of State Parks.

Reimbursement for services performed by State Parks and not otherwise paid for by the Permittee prior to the effective date of such cancellation shall be as State Parks reasonably determines.

GOVERNING LAW:

This Permit shall be construed and enforced in accordance with, and the validity and performance hereof shall be governed by the laws of the state of Washington. Venue of any suit between the parties arising out of this Permit shall be the Superior Court of Thurston County, Washington.

SEVERABILITY:

In the event any term or condition of this Permit or application thereof to any person or circumstances is held invalid, such invalidity shall not affect other terms, conditions, or applications of this Permit which can be given effect without the invalid term, condition, or application. To this end, the terms and conditions of this Permit are declared severable.

SEND COMPLETED APPLICATION

Standard Application Fee - \$25

To pay by:

Credit Card – email application to Park email address (per the park contact list) and include call back information in the email. The park will call to obtain payment information over the phone.

Check – mail application and check, made payable to Washington State Parks, to the specific park location per the park contact list.

APPLICATION FEE	ADDITIONAL FEE (per Fee Schedule)
