

## Electric-Assisted Bicycles (E-bike) Information Sheet

### **E-bike Use is Allowed on State Park Long-Distance Trails**

Class 1 and Class 3 pedal-assist e-bikes are allowed on State Park non-motorized long-distance trails. Most are converted rail trails and these include:

- Columbia Plateau State Park Trail (130-mile trail from Cheney to Pasco)
- Klickitat State Park Trail (31-mile trail along the Klickitat River)
- Palouse to Cascades State Park Trail (285 miles from North Bend to the Idaho border)
- Spokane River Centennial State Park Trail (37-mile trail in Spokane)
- Willapa Hills State Park Trail (57-mile trail from Chehalis to South Bend)

### **E-bike Use is Allowed on Park Roads**

All classes of e-bikes are allowed on roads within State Parks. E-bikes are required to follow all park rules related to bicycles including any posted speed limits or other restrictions on bicycle use.

### **Pedal-Assist E-bike Use is Allowed on In-Park Trail Systems that Allow Bicycle Use**

Class 1 and Class 3 pedal-assist e-bikes are allowed on single-track non-motorized natural surface trails that allow conventional bicycles. E-bikes are required to follow all park rules related to bicycles including any posted speed limits or other restrictions on bicycle use.

### **E-bike Use is Not Allowed on Hiking Specific Trails**

E-bikes are not allowed on single-track non-motorized natural surface hiking-only trails or any other trails that do not permit bicycles.
